Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Monday 27 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dull, misty start. Bright spells developing. Some lingering fog patches.

Today:
Most places will be dry but some of the mist and fog patches will be slow to disperse. Otherwise becoming brighter with some sunshine. Easterly winds freshening later. Maximum temperature 8 deg C (46 deg F).

Tonight:
Dry at first but soon becoming cloudy. Rain will extend to all parts overnight, becoming more persistent and heavier by morning. Minimum temperature 5 deg C (41 deg F).

Tuesday:
Cloudy with rain clearing eastwards during the morning. Drier, brighter weather following from west, reaching all parts by afternoon. Light winds. Maximum temperature 9 deg C (48 deg F).

Outlook for Wednesday to Friday:
An unsettled and milder few days with bands of rain crossing Northern Ireland. Also some drier, brighter spells between the rain bands. Windy at times.
